PRESS RELEASE

EQUUS SCOUT e-Concept

Fall 2021

EQUUS Automotive is proud to introduce two new 4x4 SUV's, the **EQUUS SCOUT** and the **EQUUS SCOUT e-concept**, an advanced 4x4 electric version.

The **EQUUS SCOUT** is a new manifestation of our constant tribute to American icons combined with innovation expertise and uncompromising reliable quality. The rare seductive power of those timeless legendary beauties, brought on by their unique signature, enraptures and enthralls to this day.

In 2014, EQUUS Automotive demonstrated its dedication to honor the design, power and detailed styling of iconic 1960's and 1970's muscle cars with the release of the globally acclaimed EQUUS BASS770.

In 2018, the manufacturer of the "ultimate muscle car", according to *Top Gear*, released the EQUUS THROWBACK, a super sports car drawing its inspiration from Corvette's golden age.

EQUUS SCOUT e-Concept
Fall 2021

EQUUS SCOUT – Well-balanced Design.

American automotive history owes a lot to the 4x4. Eating up the miles, this reliable and resistant vehicle has fashioned and fed the American dream. EQUUS Automotive pays tribute to the iconic 1960's and 1970's 4x4 by creating a contemporary and genuine version of it, signing a brand new manifesto of simplicity and elegance.

Dedicated to true enthusiasts, the up-to-date technology equipped **EQUUS SCOUT** has reactivated the fashioned charm of vintage American 4x4 with the quaint allure of their boxy profile.

The clear genuineness of the styling, and the lightness of the robust aluminum and carbon body of the **EQUUS SCOUT e-concept** support relevantly the ecological mutation of the automotive world towards full electric powertrain solution.
